

LABOR DAY

Labor Day marks the passing of summer and the start of fall. I think everyone would agree that the summer was beautiful, but too short. Labor Day also marks the time in which we mail out the planned maintenance reminder cards. If you haven't called in yet, you may want to do so soon. I've looked ahead on the schedule & noticed it's booking out rather far. You can also schedule on line if you wish. Go to www.esshvac.com and select the service schedule on the far left bar. Follow the prompting after that. You will receive confirmation of your request in 24 hours.

CASH BACK

Cash back incentives are still going on. You can receive cash back monies on an assortment of high efficiency equipment, up to \$1,650.00 in some cases. Call today for your FREE estimate!

CONGRATS!!

All of us at Energy Saving Systems wish to congratulate Duane McWilliams "Mac" and his wife Betty on their 50th wedding anniversary which they celebrated this summer. Mac has been a dedicated employee of ours for the last 10 years.

We wish him and his wife the best. May God bless them with many more years of love.

HYBRID HEAT

I mentioned this in our last newsletter. Heat pumps are making a come back once again. With the uncertainty of rising energy cost, a Hybrid heating system utilizes both electric and whatever other fuel you use to generate your comfort at a lower cost than just relying on your furnace. Call for details.

THANK YOU

A lot of estimates I went on this year were generated because of your referral of our company to your family or friends. It gives me a sense of humbleness & also pride, knowing that our vision of this company 11 years ago has come to fruition. Thank you for referring us, please continue doing so as we continue to better our operation for you.

FALL TIME TIPS

- *Replace batteries in thermostats, smoke detectors, & CO detectors
- *Have furnace tuned up
- *Replace air filter in furnace
- *Flush hot water heater
- *Cover top of A/C unit- outdoor
- *Wax metal of A/C unit- outdoor
- *Examine penetrations through walls for sagging caulk- re caulk

- *It's not necessary to shut off circuit breaker for A/C- unless you wish
- *Readjust manual dampers in basement if you've done so in past
- *Remove screen on casement windows to reduce water build up during winter
- *Change humidifier water panel
- *Check drain hose for blockage
- *Start furnace **NOW** before it gets cold
- *Clean filters and core on heat recovery ventilator
- *Sorry guys- This honey do list gets longer each year!

HAPPY HOLIDAYS

We'll take this time to wish everyone a Happy Thanksgiving, a Merry Christmas, and a Happy New Year. God Bless the U.S.A.

HUMOR OF THE DAY

On the First Day God Created the Dog

God said, "Sit all day by the door of your house & bark at anyone who comes in or walks past. I will give you a life span of 20 years." The dog said, "That's too long to be barking. Give me 10 years & I'll give you back the other 10." So God agreed. On the second day God created the monkey. God said, "Entertain people, do tricks, make them laugh. I will give you a 20 year life span." The monkey said, "How boring, monkey tricks for 20 years? I don't think so. Dog gave you back 10, so that's what I'll do too, okay?" And God agreed. On the third day God created the cow. God said, "You must go to the field with the farmer all day long and suffer in the sun, have calves and give milk to support the farmer. I will give you a life span of 60 years." The cow said, "That's kind of a tough life for 60 years. Let me have 20 and I'll give back the other 40." And God agreed again.

On the fourth day God created man. God said, "Eat, sleep, play, marry and enjoy your life. I'll give you 20 years." Man said, "What? Only 20 years! Tell you what, I'll take my 20, and the 40 the cow gave back and the 10 the monkey gave back and the 10 the dog gave back, that makes 80, okay?" "Okay," said God, "you've got a deal." So that is why the first 20 years we eat, sleep, play, and enjoy ourselves; for the next 40 we slave in the sun to support our family; for the next 10 years we do monkey tricks to entertain our grandchildren; and for the last 10 we sit on the porch and bark at everyone. Life has now been explained to you.
